PREFACE.

The present volume is number twenty of the Alphabetical Index of the Births, Marriages and Deaths recorded in the City of Providence, and is the first of a set of three volumes to contain an index of the births, marriages and deaths recorded in this city for the years 1921 to 1930, inclusive.

It is an index of the births recorded for the above named years. It is printed from a card index which is made as the births are recorded. It will appear in two parts. This is Part II.

The following table shows the number of births recorded each year from 1921 to 1930, inclusive, and also the birth rate, i.e., the number of living born to each 1,000 of the population:
